

BSK Associates Announces New Sacramento Branch Manager

Kurt Balasek

SACRAMENTO, CALIFORNIA – JANUARY 6, 2010

Kurt Balasek, P.G, CHG, REA II, has joined BSK Associates (BSK) to manage the Sacramento Branch Office. He will be responsible for branch operations and expanding BSK's environmental, ecological and geotechnical engineering services. Balasek is joining BSK after 19 years with Wallace-Kuhl in the Sacramento area...

"Kurt brings the right level of experience and enthusiasm that complements our Sacramento operations and client base. We look forward to his leadership and appreciate his active community involvement," says Amer Hussain, P.E., LEED AP, Vice President of Engineering.

Balasek is California-registered Geologist, Environmental Assessor II, and a Certified Hydrogeologist. He holds a BA in geology from the University of California, Santa Barbara, and a MS in hydrogeology from California State University, Chico. Balasek is also a member of the Groundwater Resources Association of California and the Association of Wetlands Scientists. He has more than 22 years experience providing geologic, hydrogeologic and environmental consulting in the western United States

About BSK:

BSK, with offices in Pleasanton, Sacramento, Bakersfield, and Fresno, is an employee-owned, professional consulting firm that offers civil, geotechnical, and environmental engineering; materials testing and special inspection; hydrogeology, engineering geology, analytical chemistry, and food safety services. Visit www.bskinc.com for more information.
