BSK Associates Announces New Water Resources Group Manager

FRESNO, CALIFORNIA – NOVEMBER 19, 2009

Dr. Lynne Baumgras, P.G., C.E.G. has returned to BSK Associates (BSK) to manage the Water Resources Group and oversee water quality services for drinking water and wastewater concerns.

Baumgras is a California-registered Geologist and Engineering Geologist. She holds BS degrees in environmental science and in geological sciences from the State University of New York (SUNY), a MA in geological sciences from SUNY, and a Ph.D. in Geography from the University of Utah. Her technical expertise includes assessment and remediation of agricultural chemicals, industrial solvents, petroleum products, and dry cleaning solvents; RCRA permitting and management waste plans, CEQA documentation; and remote sensing, and Geographic Information Systems technologies. Baumgras has managed projects across the United States and provided liaison services for the U.S. Army Corps of Engineers and the Environmental Protection Agency.

"I am excited about Dr. Baumgras rejoining BSK," says Walt Plachta, P.G., Fresno Branch Manager. "The variety and depth of her expertise brings value to the firm."

Baumgras is the Chapter Chair of the San Joaquin Valley Chapter of the Association of Environmental and Engineering Geologists (AEG) for which she organized and hosted an international symposium entitled "Groundwater Withdrawal Induced – Land Subsidence in the San Joaquin Valley: A 2009 Perspective," a historical event that examined the state of deep land subsidence in the San Joaquin Valley.

About BSK:

BSK, with offices in Pleasanton, Sacramento, Bakersfield, Fresno, and Visalia, is an employee-owned, professional consulting firm that offers civil, geotechnical, and environmental engineering; materials testing and special inspection; hydrogeology, engineering geology, analytical chemistry, and food safety services. Visit www.bskinc.com for more information.
